YES

NO

Will not be allowed into Canada.

Have I completed the ArriveCan in its entirety within 72 hours before traveling to Canada?

YES

NO

You WILL be allowed into Canada!

Will not be allowed into Canada.

ADDITIONAL INFORMATION

1. Mandatory arrival testing may be in place upon your arrival at any Canadian airport regardless of vaccination status. If this entry requirement is in place you will be required to get a PCR test at the airport and you must self isolate at your accommodation until you receive a negative result. Please be prepared to receive your results within a minimum of 24 hours. If mandatory arrival testing is not in place you may be selected for randomized testing upon your arrival at the airport. If you are selected at the airport for randomized testing you are NOT required to quarantine while waiting for your results.

Find the most up to date information at

<https://travel.gc.ca/travel-covid/travel-restrictions/covid-vaccinated-travellers-entering-canada#determine-fully>

2. The government of Canada has expanded its list of countries with entry prohibitions. Please see the link below for more details.

<https://www.canada.ca/en/public-health/news/2021/11/government-of-canada-introduces-additional-measures-to-address-covid-19-omicron-variant-of-concern.html>

3. If you have recovered from COVID-19 you are still required to be fully vaccinated with a Canadian approved vaccine or a series of Canadian approved vaccines in order to enter Canada.

4. Proof of vaccination must be in a text format: paper copy or electronic copy (QR Codes are not accepted).

5. Proof of vaccination must be translated to English or French.

6. Everyone 18+ must be able to provide photo ID in addition to proof of Canadian approved full vaccination.

7. Have a quarantine plan prepared in case you are asked upon arrival in Canada.
